### **The Big Book of UFO Facts, Figures & Truth**

Could “UFOs” and “Aliens” simply be us, but from the future? This provocative new book cautiously examines the premise that extraterrestrials may instead be our distant human descendants, using the anthropological tool of time travel to visit and study us in their own hominin evolutionary past. Dr. Michael P. Masters, a professor of biological anthropology specializing in human evolutionary anatomy, archaeology, and biomedicine, explores how the persistence of long-term biological and cultural trends in human evolution may ultimately result in us becoming the ones piloting these disc-shaped craft, which are likely the very devices that allow our future progeny to venture backward across the landscape of time. Moreover, these extraterrestrials are ubiquitously described as bipedal, large-brained, hairless, human-like beings, who communicate with us in our own languages, and who possess technology advanced beyond, but clearly built upon, our own. These accounts, coupled with a thorough understanding of the past and modern human condition, point to the continuation of established biological and cultural trends here on Earth, long into the distant human future.

### **Above Top Secret**

More than half of American adults and more than seventy-five percent of young Americans believe in intelligent extraterrestrial life. This level of belief rivals that of belief in God. American Cosmic examines the mechanisms at work behind the thriving belief system in extraterrestrial life, a system that is changing and even supplanting traditional religions. Over the course of a six-year ethnographic study, D.W. Pasulka interviewed successful and influential scientists,

professionals, and Silicon Valley entrepreneurs who believe in extraterrestrial intelligence, thereby disproving the common misconception that only fringe members of society believe in UFOs. She argues that widespread belief in aliens is due to a number of factors including their ubiquity in modern media like The X-Files, which can influence memory, and the believability lent to that media by the search for planets that might support life. American Cosmic explores the intriguing question of how people interpret unexplainable experiences, and argues that the media is replacing religion as a cultural authority that offers believers answers about non-human intelligent life.

## **Final Events and the Secret Government Group on Demonic Ufos and the Afterlife**

Unmasking the mysteries of alien life on earth! Make mention of the word "alien" and it conjures images of black-eyed, large-headed, dwarfish beings that have come to be known as the Greys. Indeed, Greys have become a staple part of pop-culture, never mind just the field of UFO research. They've appeared in Steven Spielberg's classic 1977 movie, Close Encounters of the Third Kind. They regularly popped up in The X-Files. And, of course, there are numerous people - all across the world - who claim to have been abducted by the Greys and subjected to intrusive medical experiments. Yet, before the 1950s, the Greys were nowhere in sight. The Alien Book: A Guide to Extraterrestrial Beings on Earth shows that extraterrestrial life comes in all kinds, appearances, sizes, and bodies. They all have one thing in common, however: the human race has encountered them, and we continue to do so today. Not just dozens, or even hundreds, but thousands of eyewitness experiences have been reported. Covering hundreds of extraterrestrial life forms in more than 40 thematic chapters, this absorbing look at the mysteries of aliens on earth includes the Space Brothers: long-haired, very human-looking ETs the fiendish Reptilians: seven-to-eight-foot-tall predatory shapeshifters Men in Black beings: extremely pale-skinned, tall, and with huge eyes Black-eyed Children: anemic-looking kids with solid black eyes that might be ET-human hybrids Bigfoot the werewolf-like Dogmen jellyfish-style aliens that soar around the skies of our world the Shadow People:

dangerous humanoids that terrorize people legendary Nephilim space-vampires: insect-like aliens that resemble a giant praying mantis and many, many more! The Alien Book investigates the full range of sentient, alien life forms. Some are benign and others downright deadly. Some are small, like a germ or virus that has NASA, creating guidelines to deal with an outbreak of an extraterrestrial germ. Some are big like a giant praying mantis or the biblical Goliath. They all lurk on Earth and in this chilling book! With more than 120 photos and graphics, this tome is richly illustrated. Its helpful bibliography and extensive index add to its usefulness.

### **Alien Agenda: The Return of the Nephilim**

A primer for the explosive advances humanity will experience scientifically and spiritually in the coming years, this compendium explores the ET phenomenon and its influence on humanity past and present. The book surveys contact with ETs and abduction accounts, unexplained public and undisclosed military technology from aliens including anti-gravity devices, exopolitics (the influence of ETs in human affairs), the Iraqi Stargate, the Hybrid Project of alien interbreeding by abduction, Nazi ties to UFOS and their secret underground base in Antarctica, government cover-ups of alien interactions including Roswell, and the transformation triggered by the Hale-Bopp comet. Based on interviews with people who are witnessing the coming changes as well as those visionaries who are actually bringing them about--including John Mack, Major Jesse Marcel, Paul LaViolette, Robert Bauval, Michael Salla, and Helen Wambach--this book sketches out a breathtaking vision of the planetary revolution just around the corner.

### **Walking Among Us**

Takes readers behind the scenes of the U.S. Army's formerly top-secret remote viewing unit, discussing how the military has used this psychic ability to its advantage since the unit's creation in the 1970's.

### **The Secret History of Extraterrestrials**

A worldwide history of alien contact from one of the most respected authorities on the phenomenon: "A bible for UFO watchers" (The Wall Street Journal). This fascinating new volume tells the story of contact between aliens and humans from

all across the globe, dating back to 1932, including meetings with military personnel and American presidents such as Eisenhower and Kennedy. For the first time, a former member of MI6 reveals her conversation with Neil Armstrong at a NASA conference, when she confirmed that there were "other" spacecraft on the moon when Apollo 11 landed in 1969. Armstrong also confirmed that the CIA was behind the cover-up. In a further admission in December 2012, Russian Prime Minister Dmitry Medvedev revealed "the president of Russia is given a special top secret folder [that] in its entirety contains information about aliens who have visited our planet. Along with this, the president is given a report of the Special Service that exercises control over aliens in our country. I will not tell you how many of them are among us because it may cause panic."

## **The Trillion-Dollar Conspiracy**

Millennial Hospitality is not like any other book you may have read about aliens. You will find out many new things such as, the answer to the question, "where do the children of aliens play?" This book is about friendship, romance, terror and is based on the true life experiences of the author, who claims he is not an alien.

## **Millennial Hospitality**

From the food we eat, the water we drink to the air we breathe, everything these days seems capable of killing us. Recently we have seen an unprecedented number of deaths due to medications for diseases that may not even exist, obscure cancers caused by our modern devices, and brutal police tactics. All a coincidence? Think again. In Population Control, acclaimed journalist Jim Marrs lays out a stunning case for his most audacious conspiracy yet: the scheme concocted by a handful of global elites to reduce the world's population to 500 million by whatever means necessary and make a profit from it. Marrs, the bestselling author of Rule by Secrecy and The Trillion Dollar Conspiracy, pulls no punches in exposing this

evil and chillingly effective plan. He explains how a small group of tremendously wealthy and powerful people control virtually every important industry – guns, oil, pharmaceuticals, food, and of course the media – and how it uses this vast network of conglomerates to take actions that lead to the deaths of men and women all over the world. In the explosive *Population Control*, Marrs lays bare the damning truths corporate owners don't want you to discover: how they've spied on private citizens, intentionally spread disease, and destroyed the planet chasing profits, all to improve the lives of a privileged few while eliminating everyone else. Finally, he offers a citizen's blueprint for fighting back.

## **The Rise of the Fourth Reich**

America's economy is in shambles . . . Its citizens are terrified and dissatisfied . . . Could it all have been planned by a secret elite one hundred years ago? The New World Order. Hitler referred to it in his diaries. President George H. W. Bush foretold of it in his speeches. Formed by a secretive global elite, the group seeking this new order has taken hold of the nation—and perhaps the world. Its influence pervades every aspect of American society, from the products we buy at the grocery store to the topics of evening news programs. But could it also be true that the New World Order caused one of the greatest financial catastrophes of our time? Bestselling author and legendary conspiracy researcher Jim Marrs has yet again exposed information that the mainstream corporate media has refused to report, unearthing the lies to expose the insidious alliances that make up a secret world. In the explosive *The Trillion-Dollar Conspiracy*, Marrs digs beneath the media noise surrounding the financial bailouts of 2008 and 2009 while exploring the back rooms and shadowy deals of our nation's past to craft a frightening history that no one else is brave enough to tell.

## **Inside The Black Vault**

Discusses popular conspiracy theories, primarily those involving the Internet, and their validity, including if road signs contain hidden codes, if the Moon landings were faked, and who murdered John F. Kennedy.

## **The Alien Book**

One of the world's leading scientists explains why—and how—the search for intelligent life beyond Earth should be expanded. Fifty years ago, a young astronomer named Frank Drake first pointed a radio telescope at nearby stars in the hope of picking up a signal from an alien civilization. Thus began one of the boldest scientific projects in history, the Search for Extraterrestrial Intelligence (SETI). After a half-century of scanning the skies, however, astronomers have little to report but an eerie silence—eerie because many scientists are convinced that the universe is teeming with life. Physicist and astrobiologist Paul Davies has been closely involved with SETI for three decades and chairs the SETI Post-Detection

Taskgroup, charged with deciding what to do if we're suddenly confronted with evidence of alien intelligence. He believes the search so far has fallen into an anthropocentric trap—assuming that an alien species will look, think, and behave much like us. In this provocative book Davies refocuses the search, challenging existing ideas of what form an alien intelligence might take, how it might try to communicate with us, and how we should respond if it does.

## **Above Top Secret**

Foreword by Jacques F. Vallee Introduction by Burt Rutan Commentary by Tom Clancy A never-before-heard firsthand account of a government insider's experience on the cutting edge of UFO exploration While still on active duty in the U.S. Army during the 1980s, Colonel John B. Alexander, Ph.D., created an interagency group to explore the controversial topic of UFOs. Participants came from the Army, Navy, Air Force, CIA, NSA, DIA, and the aerospace industry. All members held Top Secret clearance. What they discovered was not at all what was expected. UFOs covers the numerous cases they saw, and answers questions like: • What was really in Hanger 18? • Did a UFO land at Holloman Air Force Base? • What happened at Roswell? • What is Majestic 12? • What is the Aviaary? • What does the government know about UFOs? • What has happened with disclosure in other countries? • Has the U.S. reverse engineered a UFO? • Why don't presidents get access to UFO info? UFOs is at once a complete account of Alexander's findings, and a call to action. There are no conspiracy theories here—only hard facts—but they are merely the beginning. Serious research is needed in order to understand and anticipate the workings of UFOs, and John Alexander is leading the charge.

## **The Hidden Universe**

A deep dive into the origins, history, members, and workings of the Illuminati from a well-known and respected expert. Chilling initiations. Big banks and money manipulations. Possible links to the Rockefellers, Rothschilds, Adamases, and Bushes. Reviewing the evidence, documents, and connections, *The Illuminati: The Secret Society That Hijacked the World* by award-winning journalist and author Jim Marrs shines a light on the history, workings, continuing influence, and pernicious and hidden power of this secret order. Surveying experts—from those who dismiss the Illuminati as a short-lived group of little consequence to skeptics who dare question the government's accounts and pronouncements—Marrs cuts through the wild speculation and the attempts to silence critical thinkers to tell the true story of this secret cabal. He investigates their origin as “The Ancient and Illuminated Seers of Bavaria,” the depiction on the United States one-dollar bill of an all-seeing eye and pyramid on the reverse of the Great Seal of the United States, the Protocols—or procedures—for usurping national governments and gaining world domination, the symbolism found in today's international corporate logos, Knights Templar, assassins, Skull and Bones, whistle blowers, the revolutions in France, Russia, and America, and much, much more. Wealth, power, and intrigue come together in this in-depth exposé on the Illuminati, their history, connections to powerful people, and their place in modern America.

## **The Illuminati**

From aliens or ghosts to the djinn, electric-voice phenomenon and UFO abductions, this book is the most comprehensive and enlightening survey ever made of encounters with the Others. Since our very beginnings, human beings from all civilisations across the globe have encountered the Others - intelligent, self-motivated beings that are clearly not human in their origins. This book offers the most comprehensive survey ever made of such otherworldly visitors, from gods, angels, demons and djinns to hobgoblins, poltergeists and ghosts to UFOs and aliens. In addition to fully detailing the history of these encounters, the book attempts a bold explanation (never before undertaken) of the true nature of these beings. The book will explore the increasingly frequent "entheogen" encounters facilitated by substances such as dimethyltryptamine, ayahuasca, 5-Meo-DMT and LSD, as well as the beings encountered by individuals suffering from Alzheimer's-related Charles Bonnet Syndrome, young children's non-corporeal companions, and the seemingly independent beings met during

lucid dreaming and near-death and out-of-body experiences. This book continues Anthony Peake's work in developing a completely original model of reality based upon an amalgamation of ancient belief systems, subjective human experiences of the extraordinary, and the latest discoveries of neurology, neurochemistry, quantum mechanics and cosmology. This model proposes that consciousness, far from being simply an accident of evolution, is the actual root source of the material universe. It suggests that at its most basic level everything that is seemingly physical is rendered into existence by consciousness.

## **They Are Already Here**

The evidence in this book may not ultimately give you the “smoking gun” you are looking for on your journey, but I guarantee it will give you a box of bullets when you find it. In 1996, John Greenwald, Jr. began researching the secret inner workings of the U.S. Government at the age of fifteen. He targeted such agencies as the CIA, FBI, Pentagon, Air Force, Army, Navy, NSA, DIA, and countless others. Greenwald utilized the Freedom of Information Act (FOIA) to gain access to more than two million pages of documents. This archive includes information relating to UFOs, the JFK Assassination, chemical, biological, and nuclear weapons, and top secret aircraft. He took the millions of pages, and over the course of more than two decades, has built an archive known around the world, as The Black Vault. Inside The Black Vault: The Government's UFO Secrets Revealed takes you on a journey within the secret world of unidentified aerial phenomenon that has plagued the military since at least the 1940s. Declassified records prove that the UFO topic is one of the most highly classified and most elusive subjects the U.S. Government has ever dealt with. Each chapter explores various agencies and their documents, and Greenwald breaks down the meaning of why some of the most important documents are relevant to proving a massive cover-up. Along with declassified documents, Greenwald outlines the struggle it took him to get them. No other topic has proven so difficult, in more than 8,000 FOIA requests that he has filed. He explores why that might be and meets skeptics and debunkers head on, outlining why some of their more prominent rebuttals for it all cannot be true.

## **UFOs**

Discusses the Heaven's Gate cult, animal mutilations, and alien abductions, argues that UFOS may be part of Satan's deceptions, and examines the impact on Christian beliefs if real aliens exist

## **Aliens on Vacation**

For decades, stories of alien abductions, UFO encounters, flying saucer sightings, and Area 51 have led millions of people to believe that extraterrestrials are secretly among us. But what if those millions of people are all wrong? What if the UFO

phenomenon has much darker and far more ominous origins? For four years, UFO authority Nick Redfern has been investigating the strange and terrifying world of a secret group within the U.S. Government known as the Collins Elite. The group believes that our purported alien visitors are, in reality, deceptive demons and fallen angels. They are the minions of Satan, who are reaping and enslaving our very souls, and paving the way for Armageddon and Judgment Day. In FINAL EVENTS you'll learn about the secret government files on occultists Aleister Crowley and Jack Parsons, and their connections to the UFO mystery; revelations of the demonic link to the famous "UFO crash" at Roswell, New Mexico, in 1947; the disclosure of government investigations into life-after-death and out-of-body experiences; and an examination of the satanic agenda behind alien abductions. FINAL EVENTS reveals the stark and horrific truths about UFOs that some in the government would rather keep secret.

## **Contact with Alien Civilizations**

Ultraterrestrial Contact investigates the most extreme and bizarre UFO reports—the cases that most UFO investigators are afraid to tackle—and presents a radical new quantum approach to understanding the contact phenomenon. When Philip Imbrogno collaborated with famed UFO researcher Dr. J. Allen Hynek on Night Siege, Dr. Hynek requested that the more sensational cases of "high strangeness"—claims of contact with not only alien intelligence, but also demons, djinn, and otherdimensional beings—remain unpublished. Hynek thought the reports would detract from the credibility of the entire extraterrestrial investigation field. This book reveals, for the first time, the details of these controversial reports and presents Imbrogno's startling scientific conclusions from his thirty years of research into the alien contact phenomenon.

## **The Alien Enigma**

Area 51, Hangar 18, the Montauk facility, the Dulce Base, the undersea world of Sanya, HAARP in Alaska, Pine Gap, Fort Detrick, Rudloe Manor, and the Zhitkur underground realm—these are just a few of the select, highly classified installations about which the governments of the United States, Australia, China, Russia, the United Kingdom, and others prefer that we, the general public, remain steadfastly ignorant. And these same governments have excellent reasons for wanting to keep us in the dark. It is at these secret facilities that for decades, clandestine research has reportedly been undertaken into crashed UFOs, deceased alien entities, bizarre creatures and unknown animals, lethal viruses, biological warfare, mind-control experimentation, and much, much more. Whether situated deep under the ocean, far below the ground, or within the heart of remote, fortified desert locales, these and many other supersecret places are guarded with a near paranoid zeal by those in power who wish to keep their secrets buried and locked far away from prying eyes. And they have succeeded. Until now.

## **Alien Agenda**

In *Secret Life*, Professor David M. Jacobs of Temple University takes us into the private world of those abducted by aliens, letting them describe in their own words what it is like to be abducted. Based on interviews with sixty individuals and more than 300 independently corroborated accounts, *Secret Life* presents the most complete and accurate picture of alien abductions ever compiled. Dr. Jacobs takes the reader on a minute-by-minute journey through a typical abduction experience and describes in detail the bizarre physical, mental and reproductive procedures that abductees claim have been administered by small alien beings. Jacobs draws from these interviews a profoundly unsettling reason behind the abductions: aliens are conducting a complex reproductive experiment involving the conception, gestation, or incubation of human and alien hybrid beings.

## **Identified Flying Objects**

In his 1998 book, *The Threat*, Jacobs uncovered disconcerting reports about aliens' plans for the future of Earth. He reported that a "change" is coming; a future when very human-like hybrids would intermingle with humans in everyday life. "Soon we will all be together," the aliens said. "Soon everyone will be happy and everyone will know his place." This book examines a chilling phenomenon that Jacobs began noticing in 2003. The alien integration action plan has kicked into high gear. The incidents of alien abductions have declined as occurrences of alien involvement in everyday life have accelerated. A silent and insidious invasion has begun. Alien hybrids have moved into your neighborhood and into your workplace. They have been trained by human abductees to "pass," to blend in to society, to appear as normal as your next door neighbor. This book illustrates in detail the process of alien integration into society and the strategy and support structure that has been developed to make this happen seamlessly. While he is not certain why they are doing it, the final chapter of the book will provide some chilling possible answers as to why they are here and what they want to accomplish. Jacobs is a careful researcher who has investigated more than 1150 abduction events experienced by more than 150 abductees. This book focuses on the experiences of thirteen abductees.

## **The Eerie Silence**

This book describes a wide variety of speculations by many authors about the consequences for humanity of coming into contact with extraterrestrial intelligence. The assumptions underlying those speculations are examined, and some conclusions are drawn. The book emphasizes the consequences of contact rather than the search, and takes account of popular views. As necessary background, the book also includes brief summaries of the history of thinking about extraterrestrial intelligence, searches for life and for signals, contrasting paradigms of how contact might take place, and

the paradox that those paradigms allegedly create.

## **Population Control**

Jim Marrs can justifiably be considered the world's leading conspiracy author, with multimillion bestsellers like *Alien Agenda*, *Rule by Secrecy*, and the book that Oliver Stone used as a basis for his JFK movie, *Crossfire: The Plot That Killed Kennedy*. Now Marrs has allied with the web's most popular conspiracy forum to investigate everything from chemtrails to the Nazis' Antarctic base, moon landing hoaxes to UFOs, God as an alien to the end of the world in 2012. AboveTopSecret.com is the Internet's largest and most popular discussion board community, with more than twelve million page views per month. It is dedicated to the intelligent exchange of ideas and debate on a wide range of "alternative topics" such as conspiracies, UFOs, paranormal, secret societies, political scandals, new world order, terrorism, and dozens of related topics. AboveTopSecret's popular podcast is downloaded tens of millions of times per month. Marrs brings his rigorous journalist's credentials to bear on these topics and more, asking (and often answering) the essential who, what, when, where, why, and how questions in compelling, page-turning fashion.

## **UFOs**

The *Alien Enigma* is a non-fiction book which closely examines evidence of the existence of extraterrestrial life on this planet. J P Robinson weaves together a wealth of astounding and suppressed material in this comprehensive work covering the many complex subjects associated with alien activity. In this intricate and expansive overview of the ET scenario here on Earth, Robinson exposes the government conspiracy to conceal essential information from the public regarding the alien presence and the already well established diplomatic relationship between them and us. Each chapter of *The Alien Enigma* offers a great insight into separate topics connected with the alien hypothesis, such as UFOs, abductions, crop circles, contactees, cattle mutilations and more. The chapter 'Out Of Sight, Out Of Mind' delves exclusively into the macabre world beneath our feet in the deep underground military bases (DUMBs), with particular focus on the sinister Dulce base in New Mexico. Explosives expert and whistle-blower Phil Schneider put his life on the line to inform the public of the great injustices taking place incognito below the ground. Much of his expertise is shared here, vital information which will become lost to future generations since Schneider's murder. Another chapter 'Space Secrecy' deals with NASA's dubious origins and associations with former Nazis whose gruesome past was secretly expunged from the records as they were brought to the US through Operation Paperclip at the end of WWII. NASA's penchant for secrecy continues to the present day, and Robinson reveals how this elite group of scientists have succeeded in covering up the fact that our nearest celestial neighbour, the Moon, is not a natural object but rather an artificial satellite which rings like a bell when struck during seismic testing. Such an incredible discovery if proven correct has massive implications for humankind, as author's Knight &

Butler queried, who built the Moon? How and why? The space chapter also reveals what Neil Armstrong really saw when he arrived on the Moon (yes, further research would suggest that we did really go to the Moon, but the footage was faked, not the actual trip in its entirety). Other previously hidden information from the Apollo missions and even STS missions in orbit are exposed here also. The author briefly covers the well documented Roswell incident from 1947 but only as a precursor to the completely unknown facts regarding several other UFO crashes which took place in New Mexico between 1945 and 1948, and Robinson connects the whole UFO phenomenon to the introduction of the Atom bomb. Other chapters include the fascinating testimonies of two very different men; 1) microbiologist Dr. Dan Burisch and his personal experiences with a live extraterrestrial during his time working at S-4 at the infamous Area 51 and 2) Swiss farmer Eduard 'Billy' Meier - the most famous alien contactee story ever told and the evidence which he presents to prove his authenticity. A final chapter looks at the world of remote-viewing as a means to garner otherwise impossible to acquire data concerning alien races. Ingo Swann and Courtney Brown both feature heavily here, and Brown's Mars viewing sessions are included. For anyone new to the UFO phenomenon and all of its associations, this book will be a complete eye-opener! For those more seasoned researchers out there, there still remains plenty of food for thought on offer here, and all the information revealed by the author is done so in a matter-of-fact non-speculative manner. Where possible, all sources are referenced and further personal research is encouraged by the author. Robinson finishes his introduction by saying: "In order to understand more it is imperative that we improve our knowledge before choosing which side of the fence we feel compelled to belong, so enjoy your read and always bear in mind that facts really can be stranger than fiction."

## **Targeted Individuals, Project Paperclip and the Alien Agenda**

Whether you call them gods, angels, ETs, or aliens, sufficient proof now exists that beings more advanced than humans have influenced our history. Evidence suggests that these outsiders shaped our religions, genes, technology, and cultures. In fact, they may have provided the impetus for modern civilization. Paul Von Ward investigates why modern science and religion refuse to address the possibility that humans interact with Advanced Beings (ABs). He reviews sacred texts, myths and legends--from the Old Testament, Hebrew texts, and the Vedas, to the Greek myths, Sumerian tablets, and other historical sources to make the link between religions, their gods, and alien intervention. He shows how this history of AB intervention has been suppressed and challenges readers to reexamine the origins of notions like "divine revelation" to find common ground among the world's cultures and religions. Previously published as God, Genes, and Consciousness.

## **UFOs and the Alien Agenda**

After nearly 25 years, I was clueless; my coworkers in the world of non-profit social services, were part of a Satanic cult, with connections to not only the Nazis, but also to the Bohemian Grove. I was the unwitting victim of an EMF mind control

attack via Smart Meters, as well as by Satanic Ritual Abuse victims with "alien implants", who had been trained as psychic soldiers. In this brief, but to the point book, I tell you what I experienced, and what I know.

## **The Terror Conspiracy**

Throw out everything you think you know about history. Close the approved textbooks, turn off the corporate mass media, and whatever you do, don't believe anything you hear from the government—The Rise of the Fourth Reich reveals the truth about American power. In this explosive new book, the legendary Jim Marrs, author of the underground bestseller Rule by Secrecy, reveals the frighteningly real possibility that today the United States is becoming the Fourth Reich, the continuation of an ideology thought to have been vanquished more than a half century ago. This concept may seem absurd to those who cannot see past the rose-colored spin, hype, and disinformation poured out daily by the media conglomerates—most of which are owned by the very same families and corporations who supported the Nazis before World War II. But as Marrs precisely explains, National Socialism never died, but rather its hideous philosophy is alive and active in modern America. Unfortunately, most people cannot understand the shadowy links between fascism and corporate power, the military, and our elected leaders. While the United States helped defeat the Germans in World War II, we failed to defeat the Nazis. At the end of the war, ranking Nazis, along with their young and fanatical protégés, used the loot of Europe to create corporate front companies in many countries, including the United States of America. Utilizing their stolen wealth, men with Nazi backgrounds and mentalities wormed their way into corporate America, slowly buying up and consolidating companies into giant multinational conglomerates. Many thousands of other Nazis came to the United States under classified programs such as Project Paperclip. They brought with them miraculous weapon technology that helped win the space race but they also brought their insidious Nazi philosophy within our borders. This ideology based on the authoritarian premise that the end justifies the means—including unprovoked wars of aggression and curtailment of individual liberties—has gained an iron hold in the "land of the free and the home of the brave." For the first time Jim Marrs has gathered compelling evidence that an effort has been underway for the past sixty years to bring a form of National Socialism to modern America, creating in essence a modern empire—or "Fourth Reich"!

## **The Ufo Book of Lists**

Jim Marrs presents the official government pronouncement on 9/11 as an obvious conspiracy. The only question is whose conspiracy it was. According to the government, the conspiracy involved about nineteen suicidal Middle Eastern Muslim terrorists, their hearts full of hatred for American freedom and democracy, who hijacked four airliners, crashing two into the Twin Towers of New York City's World Trade Center and a third into the Pentagon, near Washington, DC. The fourth airliner reportedly crashed in western Pennsylvania after passengers attempted to overcome the hijackers. To add insult to injury,

this whole incredible Mission Impossible operation, which defeated a forty-billion-dollar defense system, was under the total control of a devout Muslim cleric using a computer while hiding in a cave in Afghanistan. Primarily using mainstream media and government reports, Marrs has crafted the definitive journalistic account exposing the likely complicity of the Bush administration in the 9/11 attacks, providing a history of the overt and covert causes of the events. However, his analysis goes far beyond 9/11, enabling us to understand the motivation behind American foreign policy, with the wars in Afghanistan and Iraq as primary examples of the US government's secret agenda.

Why would two women separated by thousands of miles share a common thread involving alien abduction? Both cases are supported by multiple witnesses and have substantial evidence. Both women experienced missing time while driving with a companion, and were later taken from their homes. Both have been unwilling participants in ongoing experimental procedures that appear to follow family genetic lines. Both witnesses have given detailed descriptions of the crafts' interiors and technology, medical procedures, messages from the visitors, and the types of ETs they have encountered, including their society's hierarchical structure. Even more startling, both have independently described finding themselves on identical huge craft, within the same timeframe. The Alien Abduction Files finally reveals: The little-known details of alien experimental procedures The theoretical science that can explain alien technology The messages conveyed by the ETs to abduction experiencers The vulnerabilities and benefits of living life as an abduction experiencer The evidence that these phenomena are real.

## **Earth: An Alien Enterprise**

An anthropological look at the UFO community, told through first-person experiences with researchers in their element as they pursue what they see as a solvable mystery—both terrestrial and cosmic. More than half a century since Roswell, UFOs have been making headlines once again. On December 17, 2017, the New York Times ran a front-page story about an approximately five-year Pentagon program called the Advanced Aerospace Threat Identification Program. The article hinted, and its sources clearly said in subsequent television interviews, that some of the ships in question couldn't be linked to any country. The implication, of course, was that they might be linked to other solar systems. The UFO community—those who had been thinking about, seeing, and analyzing supposed flying saucers (or triangles or chevrons) for years—was surprisingly skeptical of the revelation. Their incredulity and doubt rippled across the internet. Many of the people most invested in UFO reality weren't really buying it. And as Scoles did her own digging, she ventured to dark, conspiracy-filled corners of the internet, to a former paranormal research center in Utah, and to the hallways of the Pentagon. In They Are Already Here we meet the bigwigs, the scrappy upstarts, the field investigators, the rational people, and the unhinged kooks of this sprawling community. How do they interact with each other? How do they interact with “anomalous phenomena”? And how do they (as any group must) reflect the politics and culture of the larger world around them? We will travel along the Extraterrestrial Highway (next to Area 51) and visit the UFO Watchtower, where seeking lights in the sky is more of a spiritual quest than a “gotcha” one. We meet someone who, for a while, believes they may have communicated with aliens. Where do these alleged encounters stem from? What are the emotional effects on the experiencers? Funny and colorful, and told in a way that doesn't require one to believe, Scoles brings humanity to an often derided and misunderstood community. After all, the truth is out there . . .

## **The Alien Abduction Files**

After fifty years of widespread speculation about UFOs and abductions by aliens, a distinguished historian and UFO researcher presents the first evidence-based explanation of alien intentions. Based on over thirty years of personal research, Professor Jacobs exposes the aliens' profoundly alarming agenda: to create a breed of alien-human 'hybrids' who will eventually colonise - and control - Earth. He explains why aliens are here, what they want and why their agenda has been kept secret. In doing so he presents a disturbing picture of a profoundly changed future in which humans will be

relegated to inferior status. This incredible story is all the more remarkable because every account of an alien abduction is thoroughly documented and is corroborated by independent testimony. This book answers in astonishing depth some of the most important questions about the UFO phenomenon that researchers have been asking since the beginning of the controversy.
