The United States Catalog

Writing skills are becoming more and more important in today's workplace. In the past, businesspeople may have written a couple business letters a month, but now they can receive and send hundreds of email messages weekly. Their writing skills are showcased in every message they send. To help students develop the skills they need to succeed in today's technologically enhanced workplace, we have responded with a thoroughly revised Fifth Canadian Edition while maintaining the streamlined, efficient approach that has equipped past learners to be successful in their future careers. The convenient text/workbook format of Essentials of Business Communication presents an all-in-one teaching and learning package that includes concepts, workbook application exercises, writing problems, and a combination handbook/reference manual.

Essentials of Business Communication

For over a decade, Canadian Business English has helped thousands of students improve their language skills and increase their employability. With an increased emphasis on editing, proofreading and writing, the 4e teaches skills that accurately reflect the needs of the Canadian business community. The 4e is filled with unique features such as writing workshops, pre and posttests and self-help exercises that

aid students in the comprehension and review of key chapter material. Students will also find helpful study tips interspersed within the text that help the retain and apply their knowledge.

Essentials of Sociology

This comprehensive book provides step-by-step directions for designing an electronic resume, and shows how and where to post it for maximum visibility.

The Canadian Writer's Handbook

Essay Essentials with Readings

Unhomely States is the first collection of foundational essays of Canadian postcolonial theory. The essays span the period from 1965 to the present day and approach broad issues of Canadian culture and society. They represent the impassioned conflicts, dissonances, and intersections among postcolonial theorists in English Canada. Theories of Canadian postcolonialism are various and often contending. The questions proliferate: Is Canada postcolonial? Who in Canada is postcolonial? Are some Canadians more postcolonial than others? Together, the essays in this collection demonstrate both the historical development of this vigorous debate and its most prominent current perspectives. The anthology

comprises work originally written in English, selected and arranged in order to demonstrate the dynamic nature of these discussions. Included here are essays by many well-known writers and theorists, such as George Grant, Northrop Frye, Margaret Atwood, Dennis Lee, Robert Kroetsch, Linda Hutcheon, Diana Brydon, Thomas King, Terry Goldie, Arun Mukherjee, Smaro Kamboureli, Stephen Slemon, and Roy Miki. The collection covers such topics as anti-colonial nationalism, settler-invader theory, First Nations contexts, postcolonial pedagogy, and critiques of Canadian postcolonialism. A general introduction surveying the current field of postcolonial discourse in English Canada is also included.

Putting a Canadian face on grammar instruction. English Essentials profiles real Canadian students' personal stories accompanied by photographs of real people whose lives have been changed by reading and writing. The Canadian author, Dr. Lisa Salem-Wiseman, interviewed students across the country and wove their personal life stories into the fabric of this book. Not only do students learn grammar through practice, they have an opportunity to engage and relate to the instruction and exercises for each skill. Reflecting the faces, challenges, and triumphs of its reader, this text inspires students to improve their writing skills. Student photographers snapped the photo essays of many of the students featured in this textbook. This book is made for students, by students.

Canadian Patent Office Record

This compact version of Canada's most trusted guide to research, writing, and documentation offers advice that is guaranteed to help writers of all skill levels master the writing process. With streamlined discussions of composition, grammar and style, spelling and punctuation, research practices, and a fully updated documentation section, this is an essential reference for all students.

Essentials of Business Communication

Essentials of Business Writing and Speaking : a Canadian Guide

"English is so illogical!" It is generally believed that English is a language of exceptions. For many, learning to spell and read is frustrating. For some, it is impossible especially for the 29% of Americans who are functionally illiterate. But what if the problem is not the language itself, but the rules we were taught? What if we could see the complexity of English as a powerful tool rather than a hindrance? --Denise Eide *Uncovering the Logic of English* challenges the notion that English is illogical by systematically explaining English spelling and answering questions like "Why is there a silent final E in have, large, and house?" and "Why is discussion spelled with -sion rather than -tion?" With easy-to-read examples and anecdotes, this book describes: - the phonograms and spelling rules which explain 98% of English words - how English words are formed and how this knowledge can

revolutionize vocabulary development - how understanding the reasons behind English spelling prevents students from needing to guess The author's inspiring commentary makes a compelling case that understanding the logic of English could transform literacy education and help solve America's literacy crisis. Thorough and filled with the latest linguistic and reading research, Uncovering the Logic of English demonstrates why this systematic approach should be as foundational to our education as $1+1=2$.
