How to Keep Your Volkswagen Alive!

Faster, Higher, Farther

A shocking exposé of Volkswagen's fraud by the New York Times reporter who covered the scandal. Updated with a New Afterword by the Author. When news of Volkswagen's clean diesel fraud first broke in September 2015, it sent shockwaves around the world. Overnight, the company long associated with quality, reliability and trust became a universal symbol of greed and deception. Consumers were outraged, investors panicked, the company embarrassed and facing bankruptcy. As lawsuits and criminal investigations piled up, by August 2016 VW had settled

with American regulators and car-owners for \$15 billion, with additional fines and claims still looming. In *Faster, Higher, Farther*, Jack Ewing rips the lid off the scandal. He describes VW's rise from "the people's car" during the Nazi era to one of Germany's most prestigious and important global brands, touted for being "green." He paints vivid portraits of Volkswagen chairman Ferdinand Piëch and chief executive Martin Winterkorn, arguing that their unremitting ambition drove employees, working feverishly in pursuit of impossible sales targets, to illegal methods. With unprecedented access to key players and a ringside seat during the course of the legal proceedings, *Faster, Higher, Farther* reveals how the succeed-at-all-costs culture prevalent in modern boardrooms led to one of corporate history's farthest-reaching cases of fraud--with potentially devastating consequences. As the future of one of the world's biggest companies remains uncertain, this is the extraordinary story of Volkswagen's downfall.

This is a little gem of a book--the perfect Christmas gift for lovers of reading! Reading Pleasures is filled with gorgeous photographs and artworks, each paired with an inspiring quotation. Book lover and host of The Book Club Jennifer Byrne introduces the book magnificently in her Foreword: 'Here are brief quotations and observations on the reading life, accompanied by illustrations from the National Library of Australia's own collection'. They 'amount to a celebration--and examination--of the lifelong, earthy, impossible-to-explain love affair between readers and their books.' We all read in different ways: some in a private moment revelling in the escape that reading allows, or some with an eye to sharing and discussing. Tim Winton sums up reading in one word: 'privacy'. But for others, reading is company. 'As long as you have the capacity to read,' says Elliot Perlman, 'you needn't be alone any more'. Or as Richard Flanagan puts it in The Narrow

Road to the Deep North, when his hero Dorrigo Evans stands in his library: 'he was not alone'. And Miles Franklin wonderfully describes the place we go to when we are reading as 'book-land'. To return to Jennifer: 'As the chorus of voices in this book makes clear, there are as many ways to read as there are to live.'
